

Prescott EU

Prescott EU er en gjennomfarget møbelhud med en myk og behagelig følelse, Huden er av lett preget semianilin kvalitet, produsert av europeisk råvare med lite feil som gir deg god utnyttelse. Prescott EU er bestillingsvare med ca. 3 ukers leveringstid, evt. ekspress ca. 1 uke. Hudene rengjøres med støvsugerens mykeste børste, og kan ved behov rengjøres med en myk klut godt oppvridd i lunket vann. Behandling med anbefalte rense og impregnerings produkter for møbelhud kan også utføres ved behov. Ved bruk av slike produkter anbefales det å teste det på en lite synlig plass først. Fargen på huden kan endre seg ved slik behandling, men etter bruk vil huden den etter hvert få tilbake sin opprinnelige farge. Nevotex anbefaler LM Maxi Protection til stell og vedlikehold av denne huden.
